COPPER NETWORKING
Couplers

FEATURES

- **Cat5e/Cat6a Junction Box**

- **UTP/FTP/IDC**

- **Compatible with both Krone Style & 110 Punch Down Tools**

- **Cost-Effective Solution to Extend Length of Cables**
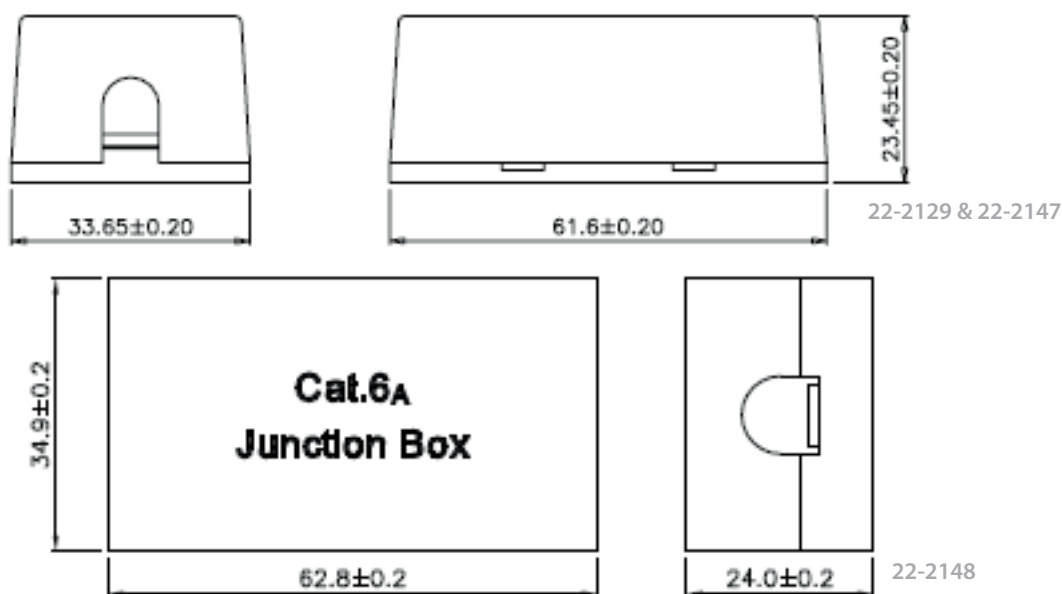

- **Punch Down Type Coupler**

DESCRIPTION

Our Cat5e/Cat6a Junction Boxes are perfect for joining two Cat5e/Cat6a UTP/FTP cables to each other without the use for couplers and connectors.
It is a cost-effective and simple solution if you need to extend a cable that is too short or if you do not wish to run a new cable altogether.
They can be secured to a wall or similar flat surface with screws and they are compatible with both the Krone Style and 110 punch down tools.
