

FEATURES:

- USB 3.1c Male – HDMI, DVI and VGA Adaptor
- Supports USB Type C Input and HDMI, DVI and VGA Output
- USB Type C Supports Reversible Plug
- 15cm Lead

DESCRIPTION:

The current trend of making laptops thinner now means that many of the connectivity options you are used to seeing have been replaced by a single USB Type C socket. Simply attached this unit to the USB Type C connector on the laptop and you will gain an HDMI socket, a DVI socket and a VGA Socket. PLEASE NOTE – If two or three of the sockets are connected, then only one socket can receive the video signal, priority is – DVI, HDMI followed by VGA.

SPECIFICATIONS:

Supports HDMI resolution up to 4K@30Hz
 Supports DVI resolution up to 1080p@60Hz
 Supports VGA resolution up to 1920x1200@60Hz
 Supports Plug and Play
