

### FEATURES:

- USB 3.1c Male – HDMI 1.4b, USB 3.1c and USB 3.0 Adaptor
- White
- Fully Moulded

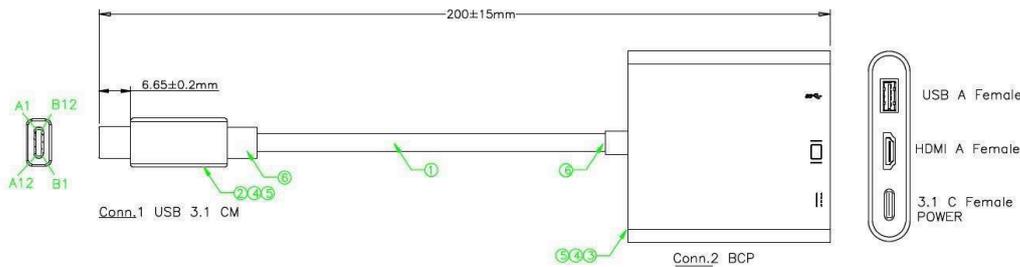

### DESCRIPTION:

The current trend of making laptops thinner now means that many of the connectivity options you are used to seeing have been replaced by a single USB Type C socket. Simply attach this unit to the USB Type C connector on the laptop and you will gain a USB 3.0 Type A female socket, an HDMI socket and a USB Type C connector. Please Note: The WPD port supports PD2.0, if your device or charger uses a different protocol the charging current will drop to 500mA or less.

### SPECIFICATIONS

Connector – USB 3.1c Male - Nickel plated shell & Black Insulation  
 OD: 4.5±0.2mm
