

### FEATURES:

- USB 3.1c Male – VGA Female Adaptor
- Black PVC Cable
- Fully Moulded

### DESCRIPTION:

The current trend of making laptops thinner now means that many of the connectivity options you are used to seeing have been replaced by a single USB Type C socket. Simply attach this unit to the USB Type C connector on the laptop and you will gain a VGA socket. You will then just need to connect to a display screen using the appropriate cable.

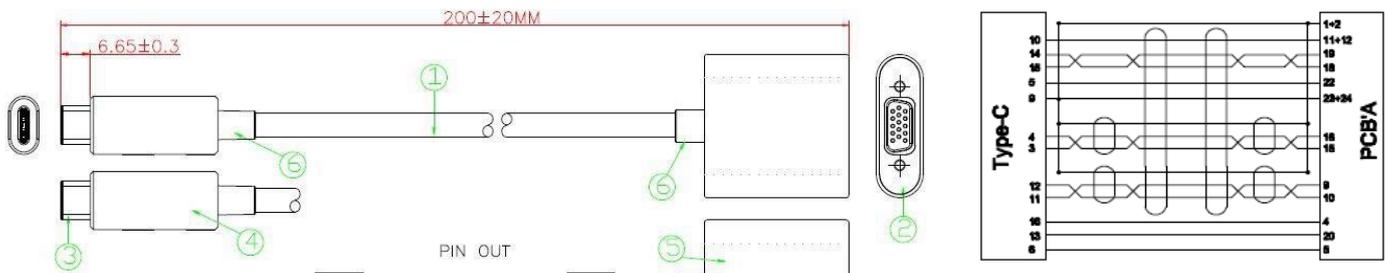

### SPECIFICATIONS:

Connector – USB 3.1c Male - Nickel plated shell with Gold Plated Pin & Black Insulation

Connector - VGA Female – Nickel plated shell with Gold Plated Pin & Blue Insulation

OD: 3.8±0.2mm
