

FEATURES

- USB-C Male to USB-C Female
- Bus Powered (No Power Adapter Required)
- Supports Charging
- 10GB Data Transfer
- Black ABS Hood & Black TPE Jacket
- 3m Length

DESCRIPTION

Our USB 3.1c Active Extension cable allows you to exceed the maximum distance of the USB-C specification by up to 5 meters.

This cable only works in one direction and only supports data transfer and power.

The male USB-C connector should be connected to the host such as a computer or power adapter.

DP ALT mode is not supported for video use.
