

FEATURES:

- USB Type A Male – USB A Male
- Individually Bagged
- Beige PVC Cable
- Fully Moulded
- USB 2.0 & USB 1.1 compatible

DESCRIPTION:

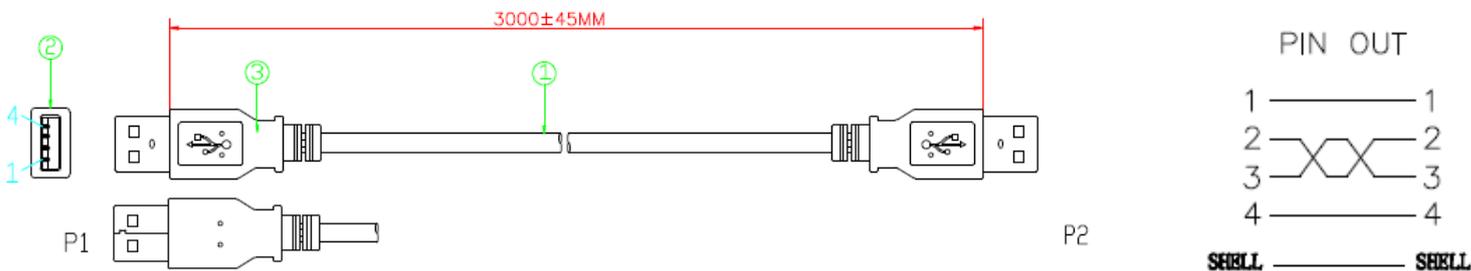

These fully moulded, high-quality USB 2.0 cables support a maximum speed of 480Mbps, this cable is typically used as a jumper cable between two hubs or other panel mount connections. This type of cable is used for connecting certain devices with computer for data transfer or upgrading or restoring firmware. Typically, the master device has a USB-A port while a slave device has USB-B port. Some non-standard devices may have USB-A port as the device (slave) port. In such scenario, this type of cable is needed.

SPECIFICATIONS:

Connector – Nickel Plated Shell with Gold Plated Pin & White Insulation

Jacket – Beige PVC, OD: 3.9±0.1mm
