- **Compatible with Krone Style Punch Down Tool**

DESCRIPTION

The Cat 5e UTP 1u High Density Punch Down 48 Port Patch Panel in a 1u chassis.
Incorporates a rear cablemanagement tray and horizontal dual punch down blocks for LSA or110.
Termination is easy with detachable upper and lower termination layers. The upper detachable punch down tray is for ports 1-24 and the lower section for ports 25-48. After termination, the top section is simply placed onto the lower section and held in place by two screws.
Coloured markings on punch down blocks and rear labels for correct cable termination.
