Cat6 Patch Panels
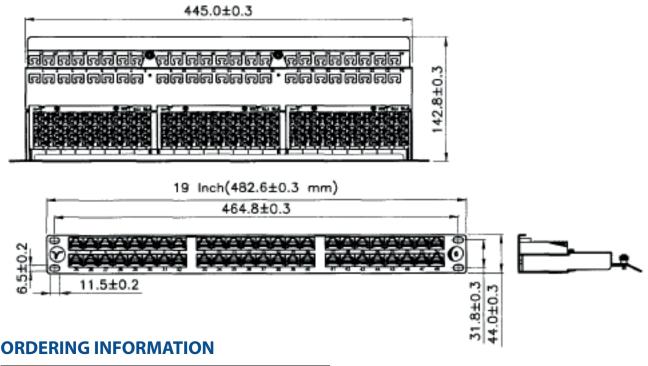

FEATURES

• **Cat6 UTP Patch Panel**

• **Loaded Patch Panel**

• **48 Port**

• **1u Chassis**

• **Rear Cable Management Tray**

• **For use with 568A & 568B Wiring Schemes**

DESCRIPTION

The Cat6 UTP 1u High Density Punch Down Patch Panel with 48 Ports in just a 1u chassis.
Incorporates a rear cable management tray and horizontal punch down blocks for LSA or 110.
Termination is easy with detachable upper and lower termination layers. The upper detachable punch down tray is for ports 1 - 24 and the lower section for ports 25 - 48. After termination, the top section is simply placed onto the lower section and held in place by two screws.
Coloured markings on punch down blocks and rear labels for correct cable termination.
