DESCRIPTION

Our LC-LC Zipcord Multimode/Singlemode Armoured Ruggedised Fibre Optic Patch Leads are recommended for use in harsh environments where more robust and stronger fibre patch leads are required.

All assemblies are fully tested during manufacturing and are supplied with test results.

The compact fibre consists of twin duplex LSOH steel tube armored cable with 900um fibres, which are surrounded by aramid yarn strength members with a LSOH outer jacket.

Non-stocked configurations (length, colour, connectors and cable type) can be manufactured to meet specific requirements - please contact our sales team for more information.
